TEN PREVIOUS EMBODIMENTS OF THE ASCENDED MASTER EL MORYA

Hierarch of the Temple of God's Will and Chohan of the First Ray

THE following notes on ten previous embodiments of the Ascended Master El Morya are the result of a research of the same records on which were based "The Ten Previous Embodiments of the Ascended Masted Jesus" which appeared in "Hope Magazine" of April 15th, 1960.

I. Between the years 22,662 and 22,678 B.C. El Morya was King of Toyocatly, a mountainous country in the United States of America, where the State of Louisiana is at present. Saint Germain was the Royal Astrologer, and Kuthumi the Master of Ceremonies.

II. Between 18,885 and 18,806 BC. El Morya was commanded by the Manu to lead a caravan into Southern India. He was recommended to the King who ruled South India, who was Paul the Venetian. But the power behind the throne there was the High Priest Lord Divino. El Morya received a hearty welcome from both. El Morya's wife, who accompanied him, was Kuthumi. The General Vicar through whom Lord Divino gave his instruction was Serapis Bey.

III. Between 17,464 and 17,404 B.C. Central Asia. El Morya was again a military leader and started a caravan to the South of India, which took him 15 years to acomplish. Finally he

decided to establish himself at a place now called Delhi. He was invited to the Palace by the local King, who had planned his assassination, but El Morya was prepared and the plan failed. Hilarion was El Morya's wife in this embodiment.

IV. Between 16,876 and 16,792 B.C. El Morya was Emperor in South Poseidonis. The High Priest was Lord Divino, whose daughter, Paul the Venetian, married a son of El Morya. Of this marriage were born Kuthumi and Saint Germain. Kuthumi was the husband of Jesus, and Saint Germain was the husband of Serapis Bey.

V. Between 15,995 and 15,937 B.C. El Morya and Kuthumi were commanded by the Manu to start a caravan from Nepal to Bengal through Tibet, and it took El Morya four years to reach the Hills of Tibet. The wife of El Morya was Jesus, and Paul was the wife of Kuthumi. El Morya established his kingdom at the North of Orissa, in Central Bengal. The years that followed were very severe, as one of the heaviest tasks was to put human sacrifices to an end. In the year 15,937 a great festival of the ancient religion of the country was to be held and when the day arrived a great uprising occurred and there was even an earthquake and a tidal wave; and a great black magician of Atlantis who was in hiding in a cave made his appearence in public. When the people saw his gigantic and horrible figure, they began to make invocations to Surya Deva and to Maha Pita. Immediately Lord Divino made himself visible and tangible to the multitude, and peace was restored.

VI. Between 12,877 and 12,795 B.C. India. El Morya at the head of a powerful army went through Amritsar towards the center of India to establish an empire. His brother Kuthumi went with him as the High Priest. El Morya married Paul the Venetian. Kuthumi was the husband of Saint Germain, and they had a son, Hilarion, and a daughter, Serapis Bey.

VII. Between 12,093 and 12,003 B.C. Peru. El Morya was the Inca and Jesus was his wife. Paul was the husband of Saint

Germain. Their son was Kuthumi, and Lord Divino was son of Kuthumi.

VIII. Between 6,986 and 6,909 B.C. In Egypt. El Morya was the Pharoah or ruler of the country. Paul the Venetian and Jesus were brothers. Jesus was the husband of Kuthumi, and they had a son, Hilarion and a daughter, Serapis Bey.

IX. Between 4,970 and 4,901 B.C. India. El Morya was the King of the powerful Monarchy of Sravasthi.

X. In 560 B.C. El Morya, being a powerful Monarch in India, heard Lord Buddha preach.

Our gentle readers will again see how Divine associations began.

HEALTH

By Margaret Marsh

WITHOUT the comfort of good health, that is freedom from pain in the physical body, the individual has a more difficult time along all avenues of endeavor. As you begin to be conscious and aware of what you are **thinking** and **feeling,** you will note a definite change in your world as you endeavor to see there goes forth from you only constructive thoughts and feelings, realizing that what you send forth will come back and settle in your own world.

As you continue to again control and to purify your thoughts and feelings and pour out your gratitude, love and blessings to the various parts of your body, you will find that the body will respond in a very marvelous way, and you will experience freedom from that which had distressed you before. As you continue to hold harmony that INNER PEACE will come and as it takes possession of your being and world with its wondrous benediction, you will be so comfortable in your body, mind and feelings, that you will desire to continue on in this way for the rest of your life. Since every cell of the body is renewed within a period of one year, your healing will thus be made permanent.

HOW TO PURIFY YOUR FOUR BODIES

By Beloved Claire, Elohim of Purity

HAIL, to thee, Children of Light and Life eternal, from cosmic heights We come to bring to you the power and the pressure of Purity! Think not that in the emphasis of Love that We wish you to become either luke warm, lethargic nor negative, for We are the fullness of love and yet the most positive Beings in all this universe. It is the requirement of the Cosmic Law to hold the balance between the two, using the Power, directing it by Love consciously with the Wisdom Flame, seeing that it is always that which helps, that which raises, that which unfolds, that which develops, that which radiates and increases good. Common sense. that is all!

God, Himself, the Universal First Cause from Whom We have received the responsibility and obligation of creating and sustaining the planet, is the vibratory action of GOODNESS. Within that radiation there is no negative, no discordant vibration. You, within yourselves, in the use of good ordinary every day common sense, know the difference between constructive release of energy to free life, which may be positive but not with a tense sense of fighting—for that creates a power opposed to God; and you know the difference from the energy which just wishes to free the Earth temporarily of certain individuals who are misguided, but who only have to come back and become the next generations problem. Use always that good God sense within your heart and **proceed in balance,** and your creation will be as beautiful as that of the Sun.

When you enter one of the great Retreats and desire to prepare your lifestream for the Ascension, particularly at Luxor, the first thing that is examined is the condition of your inner bodies. In order to have pure expression physically, there must be purity in those inner bodies. This is why so many ascetics, so far as physical control is concerned, are not successful in their path

to sanctity because either they have not accepted re-embodiment or they do not give proper cognizance to the inner vehicles whose pressures act upon the innocent flesh and cause the act which brings the censure of mankind. The flesh body is the repository for the momentum of the inner bodies; the flesh body, no matter how much restrained, unless the inner bodies are purified, **will do little to help in the redemption,** sublimation and ascension of the soul.

Common sense tells you, after mortifying a flesh body for sixty or eighty years, you pass out of it and it is not even present when you stand before the Karmic Board! If that mortification and self-denial and purification had been approached with the proper consciousness, as a soul and spiritual exercise, the etheric body would record that purification and the progress of the lifestream would be considerable. There are many, many who perform certain rites of continence in the flesh and who build within the etheric body terrific accumulations of pride, which do little good for the very spirit and soul but much harm instead.

When you go into a Retreat, your Hierarch knows that your physical body is only **one** of the four that are to be dealt with, and that your emotional, mental and etheric bodies will determine the type of application which you will require; and will also determine how much of the use of the mystic rites can be safely given to hold balance within the self. That is why within the Retreat and within the safety of your Hierarch and Brotherhood, many, many practices and activities are given to the students that could not possibly be given in the outer world where there is no protective balance of the God-free Guru during this time of purification.

Therefore, for your edification, We shall deal merely with the necessity for cleansing these vehicles. The **mental body** is the recipient of the ideas from the Presence—or—it is the recipient of the ideas from the newspaper, the mouths of your fellowmen and from the radio. **Your mental body is constantly**

receiving something. It has been receiving since first you chose to turn your attention and your senses outward instead of keeping them upon the perfection of the Presence. That mental body has all the accumulation of the religions you have ever studied, and it has all the memory of the people who have stood in your pathway, and all that accumulation must be freed before you can even feel the impress of your light and the directions from the Presence. Your **emotional body** has taken the impact of many, many experiences of evil and has also rejoiced in many experiences of good. In your **etheric body** there is recorded the sum-total of both good and evil through all the ages.

In order to become a pure channel such as We are, you have to have all of your Seven Bodies in perfect alignment, perfectly purified and under absolute God-control through the Master Presence of the Flame within your heart. That can be done by invocation and pressures of the Sacred Fire. Those decrees that you used long ago to purify your mind, body, being, world etc. were good because they magnetized the activity of My Flame and that rushing through, dislodges the accumulation just as rapidly flowing water dislodges sediment—it is as practical, as mechanical as that!

I have offered to render a service for you in this purification if you can acept it. It just requires you to feel yourself within the heart of your own Threefold Flame; your etheric, mental and emotional bodies all turned with their attention toward My Light. Then those mighty rushing tongues of the Flame of Purity sweep out that accumulation of the ages from the inner bodies. When that is done, your flesh will want nothing except God's perfection. The stimulus to the flesh for impurity and the satisfying of the appetites comes from the **inner vehicles.** When the inner vehicles are cleared, the flesh which is obedient will desire only perfection and the struggle for continence through will, will be replaced by the natural happy desire for God.

When you come to deal with individuals who are coming into this work, **start with the purification of the inner bodies** before you dam up the various activities of the flesh, because otherwise

you will have **frustrations** that will burst out and give you conditions to handle in mental unbalance, emotional flareups, and physical disabilities that are totally unnecessary. Everything starts from **within out, remember!** If you start from **outside** you are **reversing** the process. Good individuals who are earnest and sincere will do anything they are told to get free, and one of the things they want most is to SEE THE MASTERS. That is the **least important** in the individual progress; **curiosity and pride** and the desire to get into secret rites to see the Masters, drive many people beyond their physical and inner strength!

When you come to deal with individuals—not in your closed groups mind—for those of you who have risen by holding on to your own boot straps deserve credit and you should not relinquish one ounce of the ground you have gained; nor should you take our words as licence to return to the easier path, but I venture to say that the tension and discord and the physical conditions of many are due to the frustrations that arise within these inner vehicles.

I have seen the struggle between the **mental desire of** purity and the **emotional desire** for the satiation of the appetites of the senses, and it is all unnecessary. And what becomes the victim? The flesh body! That body is marked and torn, destroyed and disintegrated! But We shall reverse that! **Let us make Saint Germain's activity something of JOY — something that people wish to become a part of!** Let us make PURITY so desired, with the fragrance of your own tube of light, the luminosity of your flesh, the kindness of your heart, the comfort of your aura, **that all desire to be that which you are!** It can be done!

DECREES

"In the Name of the Infinite Mighty Presence of God which "I AM", vested with the full power and authority of Alpha and Omega and all the lesser Suns of our system, I CHARGE, I CHARGE, I CHARGE the Cosmic Flame of Cosmic Purity

through the **mental bodies** of all under this radiation and all mankind, sweeping out, **sweeping out,** SWEEPING OUT all impure thought and feeling forms, all those desires and passions of the past, and every confusing human concept that is not of God.

"In the Name of the Infinite Mighty Presence of God which "I AM", and that of Alpha and Omega, the Supreme Powers that are at the heart of this system, I charge, **I charge,** I CHARGE the Cosmic Flame of Cosmic Purity through the **emotional bodies** of all mankind, removing all secret lusts and passions, impure desires known and unknown, from the beginning of time. I ask that for all under this radiation and all mankind—sweep it out, sweep it out, sweep it out, in the Name of God!

"In the Name of the Presence of God "I AM", in the Name of Alpha and Omega, the Supreme Authority for this system of universe, I charge, **I charge,** I CHARGE the Cosmic Flame of Cosmic Purity through the **etheric bodies** of all under this radiation and all mankind, and I sweep out, **sweep out,** SWEEP OUT every cause, effect, record and memory of imperfection there.

"In the Name of the Presence of God which "I AM", in the Name and Power and Authority of Alpha and Omega, the Supreme Beings of this system of universes, I charge, **I charge,** I CHARGE the Cosmic Flame of Cosmic Purity through the **brains and physical bodies** of everyone under this radiation and all mankind, anchoring a cosmic rhythmic pulsation that moves with every heart beat to the extremities of the physical form, and is a pressure of Purity, stronger than any pressure of human desire."

"Beloved Brother, Tranquility, Mighty Elohim of eternal, invincible Peace, seal each earnest student in Your Cosmic Flame of Peace and hold it forever sustained". I thank You.

ENLIGHTENMENT

By Mabel Hopkins

FREEDOM is on the march over the world as anyone can see, and rightly so since Freedom is to be the Order of the Day for the next two thousand years. Have you ever asked yourself just what Freedom really is? It is not licence to allow the human traits to express, but rather to allow the God Presence in the heart of every man, woman and child to have the privilege of expressing Its ideas and Divine Plan through the personality, and thus assist in bringing Freedom and Peace to man and all of Life.

You can ask yourself not only how much Freedom do you **have,** but how much Fredom do YOU **give?** How often do you have set ideas and opinions about what some other person should do? While you may refrain from **saying** anything, yet the pressure of your thoughts and feelings is so great that many times they are unable to follow the prompting of their God Self; or they would rather do what **you** want than battle the energy of your disapproval.

Each person should have the freedom to follow their own God prompting and should neither add the pressure of their advice to another nor accept advice. Important decisions should always be made when alone, for no one can ever know what another should do; and Freedom to even make a mistake will often teach a valuable lesson.

You can help to expand Freedom by being tolerant and kind, considerate and understanding, and it is well to remember that the Earth was provided for about ten billion lifestreams, each one having a God Presence beating their hearts and Who is striving to express through them a Divine Plan which would help in bringing Freedom to all; FREEDOM from war, sickness, poverty, ugliness of every kind and even death itself when our Earth finally becomes Freedom's Holy Star made Manifest!

STAND STILL—AND YOU WILL REALIZE THE PRESENCE OF GOD

By Beloved Ascended Master Kuthumi

BELOVED Children of God, I bring to you the Nature of Cosmic Peace, for of all the gifts that unascended lifestreams required in order to enjoy the natural activities of their own perfect expression, the greatest requirement of the present hour is for Peace.

Peace in the mind so that the Eternal Truth as Life has revealed may register! Peace within the heart and feeling that the soul within may see and know and experience the Great Reality of the Perfection of Life that swings around the appearance world! Peace of the physical body that it may be worn gently and lightly and with exceeding grace and more lovely move forward in the work of its own Christ Self and the Brotherhood, as he should choose to serve It.

So, as you open your consciousness to My words and to My Presence, as you are so gracious as to accept through the listening faculties the possibility that I might speak freely with you, I ask that out of the substance of your own energies there may be woven the Golden Robe of Eternal Peace that passeth the understanding of the outer mind and which is the revelation to your mankind that you have chosen voluntarily to enter into that service as a Messenger of Hope, as a Conductor of Love,

as an embodiment of the Nature of God Himself—by inspiration and radiation, raising the consciousness and attention of those who will be drawn around you into like perfection.

You know the emotional world of mankind is in such constant motion, stirred by all the problems, all the shadows, all the confusions that have been generated, and from the great screen of maya and through that confusing sea, the soul seeks to find Truth, and can no more perceive It than you can perceive with accuracy your own form when you look into an agitated body of water.

In the activity and service of perceiving Truth, which is the Nature of God Himself to man, the very first service which is performed by the conscious Brother is to **still** the vibratory action of the emotional world of the applicant for Truth, until within the deep recesses of the heart the individual soul may taste of the Nature of God, may absorb within the consciousness the true glory of that Perfect Being which is supposed to be embodied through the outer self of every lifestream beloging to this evolution; and once, for even an instant that realization of the Divinity is absorbed and grasped by the feeling world, the individual will never again return into that state of darkness which forms the mass consciousness of the peoples of the present day.

It is not so long since I, too, walked the way of man. Born into a family of considerable affluence My every desire was fulfilled, My every passing whim brought the response of indulgent parents, and I lived a life of gaiety and happiness (so-called) with the others of Assisi. Yet one day when the pleasures of the hour had palled upon My nature and I had escaped for a time from My daily activities in the quiet of the countryside, I listened to the sound of nature through the running brook, and I heard the song of the Devas playing through the trees, and My soul for a moment was freed from the pleasures of the desires and appetites of the body. In that **stillness,** which I realize now was provided for Me by a Power greater than My own evolving

consciousness, I saw for a moment the Master Jesus, serene, beautiful, majestic, and within My feeling world I realized for that instant the **True Nature of God embodied in man.** For me, that was the beginning of a new life in which every electron drawn from the Heart of God became dedicated to embodying that Nature through My own mind and soul and spirit, and the Imitation of the Christ became My hourly joy, until I shared in the fullness of that Nature.

Today, you stand upon the Pathway of Light by your very presence here, signifying that you do desire to partake of the Nature of your own Divinity, but you must LOOK FOR IT and FIND within the deepest recesses of your heart the REALITY of That God and then incorporate It into your daily and hourly living—for THIS—My dear and precious children, is the ONLY PURPOSE OF RELIGIOUS TEACHINGS, or religions in fact as a whole to again awaken the outer consciousnes to the True Reality of God, that That God might be embodied through the flesh and stand revealed as the Master Presence over form, substance and energy.

We, Who work on the Second Ray, are dedicated in Spirit to bringing ILLUMINATION to the mankind of this Earth at the present time, because the predestined glory for every lifestream is to **externalize** the Nature of the Christ. It was not only for the Master Jesus or the few of Us Who hold the Offices in the Hierarchy to become that Embodied Love—it is for **every lifestream** who belongs to this great chain, and the Great World Teacher Who is given the responsibility of assisting the mankind evolving upon this Earth, in every age must evolve a way and means by which He can reach the consciousness of the masses, stimulate the interest in the higher things, and in some manner then convey enough enthusiasm within the soul that the lifestream does begin to evolve that Divine Nature.

If you could see the detail with which each World Religion is designed at Inner Levels and the love and care with which the World Teacher examines every individual soul; then the

detailed interest with which He looks at the Divine Plan for that Age and endeavors to create a means of worship, a means of instruction which can reach the minds and stir the consciousness and draw the energies out of the incarnate lifestreams, weaving it into the pattern as revealed in the Divine Plan—that you might understand something of the intricacies of Our Endeavors!

You have a seven-fold being in every man, and you have seven distinct types of mankind evolving simultaneously upon the planet, and each one of those respond spiritually to a different stimulus. Some are spurred to religious fervor and devotion through gentleness, through music, beauty and art. Some are stirred by intense patriotism and the drive of energy which is symbolic of the Will of God like My great Brother Morya. Some are the contemplative type and they alone can be illumined through the concentration of the will.

To all of these men, women and children the MESSAGE OF GOD must come in every Age, and each individual soul, most precious to the Heart of God, must be given the greatest opportunity in every Age to unfold their nature—it is all God's Plan and Pattern. To these many varied individuals, further complicated by the fact that no two on the same Ray are similarly developed mentally, emotionally, or physically, Teachers must be sent from Our Schoolrooms to incarnate lifestreams who have a similarity in nature or certain sympathy of vibration with these many and various types of evolving souls. At Inner Levels it has been Our responsability to educate, prepare and develop these teachers who in themselves had limitations and prejudices and accumulations through which We must endeavor to present the ultimate of Our Message to render the greatest service.

There is not one who stands with sincerity in the heart, endeavoring according to his own Light to spread the word of Truth but is overshadowed by a Brother or Sister of the Golden Robe, and that One, wiping away as much of the misconception and human creation that colors the Message and the word, does pour the love of God into the souls who believe they have found

the ultimate and those souls unfolding in that radiation through their own Sphere and from Our Octave We see that sooner or later come to a point of development where they will be gently raised to the next step on the Pathway of Light and join perhaps another Guide who has a wider vision of the Spiritual Vista.

There again, through the Love of Lord Maitreya, My humble Self and those who work with Me, they will be nourished and developed, and so slowly but surely Our arms are around the entire human race. From the very bottom rung of the ladder all are moving upward, upward, upward until one day they, too, will stand at the Feet of the Master; they, too, will find the emotional body stirred, and they will see their own Divinity face to face; then embodying that Glorious Nature become the Christ Self—the Dazzling, Transfigured One, revealing Himself in the Glory of His Own God Nature.

One of the first requisites of a Messenger who goes out from the Heart of the Brothers of the Golden Robe is **understanding, tolerance,** and then **kindliness, humility** and SELFLESSNESS —and watch, oh Children of God—for the **worm of Spiritual Pride** that so often in the center of the beautiful flower of your Spirituality would destroy its Perfection!

Move forward those of you who are willing to see the manifold service that can be rendered through those who choose to embody the Nature of your own Divinity in positive assurance of the ALL POWER OF GOD, raising mankind by your example. These are the lifestreams I would call about Me! These are the men and women who should be the salvation of our race. These are the men and women whose very life will weave for them those Golden Robes of Immortal Peace, from whose bodies will pass the Healing Flame so that all who touch the very hem of their garments will be restored to body and mind and spirit.

As the Great Buddha (Gautama) and as I have often said through the centuries, beloved hearts DO NOT STRAIN to GO

somewhere to find the Presence of God—STAND STILL—and in the Peace of your own feeling world open your eyes and realize the Majestic Power of God that is your heartbeat and let that Nature of Divinity, blazing through your flesh, in your own appointed place, bear witness to the one-pointedness of your vision and the conviction of your feeling world in the ALL POWER of the love and the Presence of God.

It is no longer enough to admire the Presence of God. It is no longer sufficient to adore and worship the Masters, for neither God nor the Masters require the worship of man. **It is to embody the Nature of God**—to BECOME the Master that you have come to hear tonight. It is not to hear My words, nor to feel the peace of the radiation it is My poor privilege to release, it is to BECOME INCARNATE the Master control of energy and vibration and to stand revealed your Holy Christ Self of which you speak so freely.

Will you do for Me one thing? Every morning, thinking on the Nature of your Presence, that is the FEELING of your Presence, contemplate It quietly for a moment and then will you please go further and try to BE that Presence for just half an hour. This is what I ask of the lifestreams who desire to serve Us.

If you will begin the active embodiment of the Nature of your Christ Self, you will find the change in the vibratory action of your inner bodies will be so comfortable, that you will just increase the time when you are engaged in this service of discipline in My Name.

I love you, oh beloved ones, more than you can know. I love you enough to challenge you to take on the Nature of God this night and to accept in your feelings the Power that is within It. If you will do this then I shall have a mighty legion of Shepherds to send forth, and people looking at that Nature embodied will become like you.

I thank you for your presence with us. I thank you for your love of the Light. I thank you for your comprehension of My Words and My Feelings. I trust you will remember KUTHUMI in your daily activities.

BE A CONDUCTOR OF PEACE

By Mabel Hopkins

ALL of the great Qualities and Virtues of God are ensouled by some Great Cosmic Being. Who through giving of the attention to that particular Quality for aeons of time, has become a great Sun and battery of that Virtue. When any unascended being becomes interested in a certain Quality, he unconsciously connects himself with the Being Who is a specialist in that Quality; and when a conscious student connects with such a Being, he becomes a channel or conductor of that Quality into the world of men.

Since Peace is something many people "talk" about, those who are desirous of assisting their fellowman can perform no greater service than to connect themselves by their attention and heart call, to the Great Elohim of Peace, Whose Name is Tranquility, and invoke His Cosmic Flame of Peace into them and **through them,** thus bringing Peace into the affairs of mankind. When an individual is saturated with this Flame of Peace until It fills the mind and feeling and overflows into the environment, all who touch "the hem of such an one's garment" (his aura) are given strength and courage. Peace is that cohesive power which must enfold all constructive things if they are to be of permanent value. Jesus was such a Conductor for the quality of Peace and He built such a momentum in Its use, that when He spoke to the waves and commanded, "Peace, be Still", they instantly obeyed His command.

If you will call daily for Peace, and connect yourself to Jesus or the Great Elohim of Peace, Beloved Tranquility, you will reach a point where nothing from without will have power to disturb, and no pressure from within your own lifestream can mar the ecstasy of that Peace, and as It pours through you, you become a Peace-commanding Presence every-where you move.

OPULENCE IS GOD'S WILL

By Ralph Yancy

WHEN there is an appearance of lack of supply, it seems very difficult for an individual to assert their God authority and refuse to give that appearance any power but rather realize that the very substance of supply of every kind is actually around each one waiting to be drawn into manifestation. It is usually the fear of not being able to meet certain obligations, of having the proper clothes, home, food etc. to KEEP UP APPEARANCES THAT MAKES THE STRUGGLE SEEM SO SEVERE. The **feeling** of struggle makes the struggle and the Power of God to manifest supply remains as mere **words** until each individual at some time of crisis is compelled to turn wholly to his God Presence "I AM" and allow It to solve the problem, and bring that which is required at the right time.

God is a God of Love and it is the Will of the Father that each one have the abundance of every good thing, but the misuse of life **and supply** through the ages, brings many interesting problems into each ones world. Many people at the time they have wealth and opportunity do not always choose to use it for constructive purposes, but rather use it for those things that destroy the mind and body; and when they finally desire to serve the Light, the supply they wish to use to help expand the Light is withheld until they have learned the lesson of using money (and everything else) wisely and well. Money should never be hoarded but USED to expand beauty and perfection.

If one can realize THERE IS A LESSON TO BE LEARNED when any of these difficult problems arise—a balance to be made—it will make the solving less arduous. It is NOT God's Will that brings suffering to any part of life, but the use of each one's **free will** that brings the distress. Therefore call on the Law of Forgiveness for all mistakes of the past and use your life—and USE ALL THINGS—to expand perfection and prove God's Will is the opulence of every good thing in your hands and use.

THE COMING PLANETARY CHANGES

Timely selection of Thoughts from Archangel Michael

FOR those human beings and imprisoned Angels who desire to assist the Directors of the Nature Kingdom and the undisciplined elemental kingdom, I say: "**NOW** IS THE TIME TO LEARN TO LOVE THEM, MAKE CONSCIOUS FRIENDS OF THEM, AND HELP THEM TO RISE IN CONSCIOUSNESS TO GOD-FREEDOM!"

Then, when planetary changes occur, they will be already the friends of mankind, ready and eager to cooperate with their Great Directors, rather than rebellious, resentful and discontented with the lack of gratitude from the mankind of Earth whom they have served so faithfully throughout aeons of time! Unleashed from the Strong Directing Influence of Their Present Over-Lords, these elementals will consciously cooperate in bringing forth the perfection which the Earth once knew (and which they, too, once expressed) before becoming exposed to the maleficent influence of their surroundings. Otherwise, these elementals (some of them large and powerful) will turn their wrath upon the race which has abused them through the ages.

I speak to you today to remind your outer consciousness that such chaos **does not have to occur,** if the alert, worthy and loving chelas of the Ascended Masters utilize the instruction so lovingly given by Us to them, and truly learn to love the elemental kingdom, in gratitude for ages of service in the past, as well as for their present faithful performance of those acts of re-creation which give to this generation, as well as to all previous generations, the beauty of Springtime, the abundance of Harvest, the very substance which makes up the physical and inner vehicles of mankind, and the constant tarnsmutation of human creation so that a semblance of God's Holy Presence can be enjoyed by the recalcitrant human race and its evolutions, here in the world of form!

I know the elemental kingdom well, have comforted them, collectively and individually, throughout the ages since discord, rebellion, resentment and distress of every kind became the human nature and outer consciousness of a mankind, given in Love, a beautiful, pure Plane (The Earth) for a temporary Schoolroom and Planetary Home. "I Am" their Defender and Protector, as well as the Defender and Protector of the seeds of Immortality which abide within the Holy Christ Self of the ten billion lifestreams presently belonging to the Earth's evolutions.

Remember, beloved chelas, the Earth was created for the habitation of only about four billion Spirit-Sparks and it was only the Grace and Hospitality of the Earth's Elect, as well as the Love of the Spiritual Hierarchy Who have guided, guarded and protected Her through the ages, that the extra numbers of temporarily planetary "orphans" were given refuge and hospitality by the Planet Earth and become a portion of Her evolutions, as well as a weight upon Her Axis, which caused, in the first instance, the gradual bending of that Axis, and its resultant intemperate climate and temporary chaos through the conscious creation of human effluvia, which formed and sustains the astral realm, in which I and My Ascended Master Legions of Light serve almost without cessation!

Be alert, beloved children of God, presently walking upon the Earth and representing Us in the world of form! Accept this (WHICH IS A GOD TRUTH!) Prepare yourselves, individually and collectively, for the graduation of the Earth and Her prepared evolutions into greater light! Become a Redeeming Power to all imprisoned life, which, at present, does not **yet** know how to utilize the Violet Transmuting Flame or the other God-Virtues to LOVE LIFE FREE! Then are you truly Spiritual Partners with Us in this redemptive process NOW when it is most required.

RHYTHM VS. HASTE

By Beloved The Maha Chohan

You bring Comfort to the mechanical instruments upon which you work. You bring Comfort to everything that you **touch** when you are a representative of Myself in this world of form. As I have told you so many times, I love all life, whether it is a human being, a tiny elemental or a so-called inanimate form, and therefore the love which is My Life is magnetized and CHARGED into that substance and it is an actuality. **You can do the same!**

Through the power of magnetization you can take this book (lifts from the lectern) and placing your hand upon it, you transfer Comfort to the substance of the so-called inanimate object, because it is made up of constantly moving electronic light that responds to the power of that magnetization.

One way to transfer Comfort is to **restrain yourself from haste,** because a hasty vibration is jagged and its activity seen at inner levels moves so erratically that the vibration does not flow smoothly into persons, places, conditions or things. In the ages that were, and in the age that is to come, there will be rhythm in man's living and you might as well begin that rhythm of living now; that rhythm carries the gift of Comfort or Truth or Purity, whatever the gift of life is. That rhythm IS the activity of Life Itself, and broken rhythm, beloved ones, refers not only to the Earth that groans on Her axis, refers not only to that music that is played by the young people; but broken rhythm refers to **hurry within yourself** and that sense of extraordinary jagged motion is a broken rhythm in your world.

So, if you would be My Comforting Presence and carry its radiation forth, learn the **rhythm of life,** the rhythm of doing that which must be done in a graceful manner, in a loving manner, in a harmonious manner, and what you do will be done well—**that** I can promise you.

THE ASSISTANCE OF THE ANGELIC HOST

By Beloved Mother Mary

Without the Angelic Host's assistance, mankind could not achieve this new millenium and its new order which our beloved Saint Germain brings forth. The Angelic Host are a primal part of the great ceremonial activities that will delight you, graceful in the extreme, humble and yet so powerful, so obedient, so willing to do the Will of God or the Will of any of Us. Many have been the times when I have sent those legions of My own to places where there were the sick, the destitute and the distressed. Those Angels with shining wings and beautiful golden hair and garments of iridescent hues, just bowed humbly before Me and willingly went into places where the distress was so great. Many times They were rejected, many times the peoples to whom the assistance was sent, have not accepted Them but never once did the Angel return with the results of His or Her mission showing any sense of discouragement but just waited humbly again on Our wish and Our will.

Sometimes that same Angel would go back again and again and again to one individual lifestream until that individual in a moment of grace could accept the gift of healing or whatsoever it was that I had sent.

There is no such thing as an Angel that does not answer a call from the heart of any soul, not only of those of you who are aware of calls, the developed activities of the Angels, but **any soul**. You are particularly blessed because you know what all the Seven Archangels and the Angels under Them do, and therefore you have greater access to These Beings.

That affinity takes place ofttimes while your body is asleep at night. Your Angel Guard, it might be your Ministering Angel sometimes it might be another, takes you to any great focus where the Ascended Masters are gathered and you counsel with Them and learn a great deal from Them.
